"Our time at AAI was an unexpected blessing. This was our team's first time in Ecuador and we had no idea what we would encounter. Hosting a University soccer team is not an easy task, but AAI made our team feel at home very quickly. Our rooms were comfortable and conducive to hosting a large team. The home-made meals prepared with great love by AAI's cooks was an incredible blessing. During our time in Ecuador our team was were to minister to the poor and vulnerable by serving as a construction team, cooking and serving meals for children in the community, conducting soccer clinics, and sharing the wonderful message of Christ with the kids and their families. Our expectations were exceeded during our time in beautiful Quito. We want to thank all of those who made our time memorable, safe and comfortable. We left Ecuador with the desire to return and reconnect with those that impacted our lives so greatly."

Why Ecuador?

Ecuador is one of the most beautiful countries in the world. Located in the heart of South America on the equator in the middle of the world, Ecuador is rich in both culture and history. The capital city, Quito, was declared a UNESCO World Heritage Site in the 1970s for having the best preserved and least altered history center in Latin America.

Ecuador supports religious freedom, enabling all to worship and attend any religious institutes that they choose to support. About 94% of the Ecuadorian population can be considered Roman Catholic, while only about 4% consider themselves Evangelical Christian. Despite considering themselves Catholic or Christian, very few have heard the Gospel message and have truly accepted Jesus Christ as their Lord and Savior.
